SUBJECT: Information pertaining to Large Orders of Danish Grasses from  
Eastern European Countries

SOURCE: [REDACTED] 25X1X6

25X1X6

25X1X6 One of my sources, [REDACTED]

[REDACTED] is a wholesale seed concern with international  
sales, has submitted the following information from the [REDACTED]

25X1X6

25X1X6

"We should like you to know that during the last week Denmark received a number of very large orders for all kinds of Danish grasses from Eastern European countries, and the remaining stocks are shrinking more and more, and possible offers - all of them made without engagement - might give you a wrong picture of the situation over here, as the bulk of these offers are covering the same seeds."
